

RESULTS

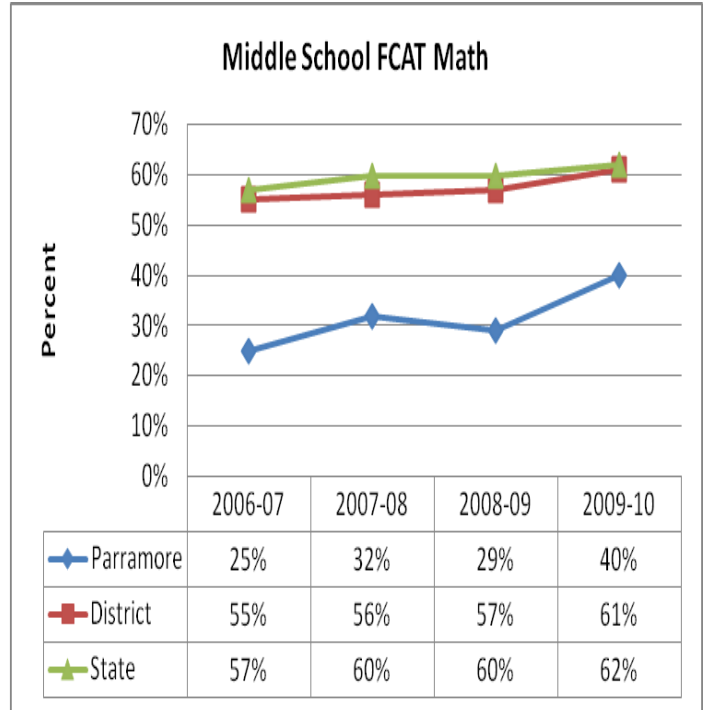

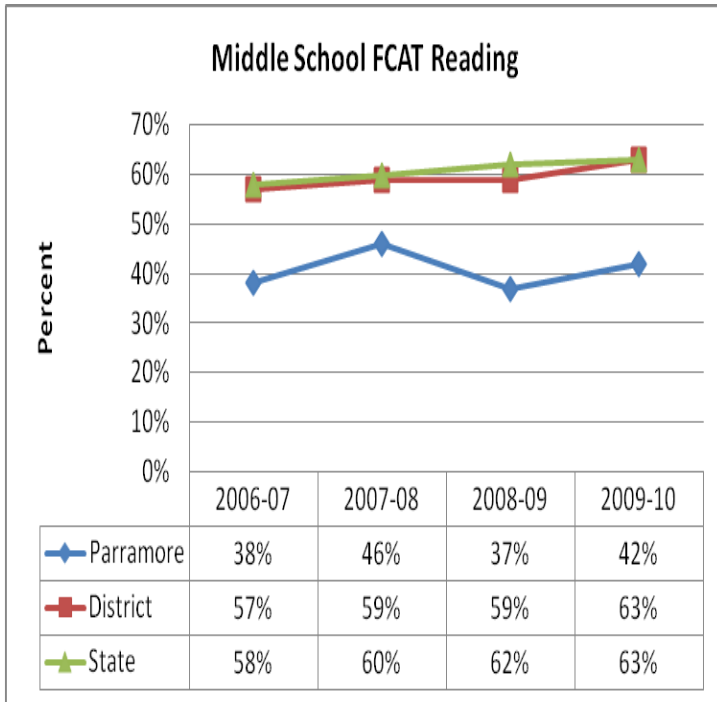

*“In 2006, Parramore arrests accounted for 22.8 percent of Orlando arrests, but in 2009 Parramore arrests accounted for only 10.7 percent of arrests. The Parramore area has been narrowing the gap for Parramore juvenile arrests as a percentage of Orlando juvenile arrests.” - PKZ 2009-10 Annual Evaluation Report, Local Health Council of East Central Florida*

## Florida Comprehensive Assessment Test (FCAT) Comparison Charts (2007-2010) *Prepared by the Health Council of East Central Florida*

### Elementary School Students Performing At or Above Grade Level, 2007-2010

### Middle School Students Performing At or Above Grade Level, 2007-2010

### High School Students Performing At or Above Grade Level, 2007-2010
